Dear NJIT Alumni,

In a short time, we have made great progress in building a foundation for the new Alumni Association. Since June, we have further refined what the vision of the new Alumni Association is and what its main goals are. Once the goals were established, we began to create plans to meet those goals.

On behalf of all the Officers, it is my privilege to share with you, our initial plan for the Alumni Association of NJIT.

Sincerely,

H. David Gnau, President, NJIT Alumni Association
