

Use the style "Heading 1"  
Use all CAPITALS.

## APPENDIX A (Optional)

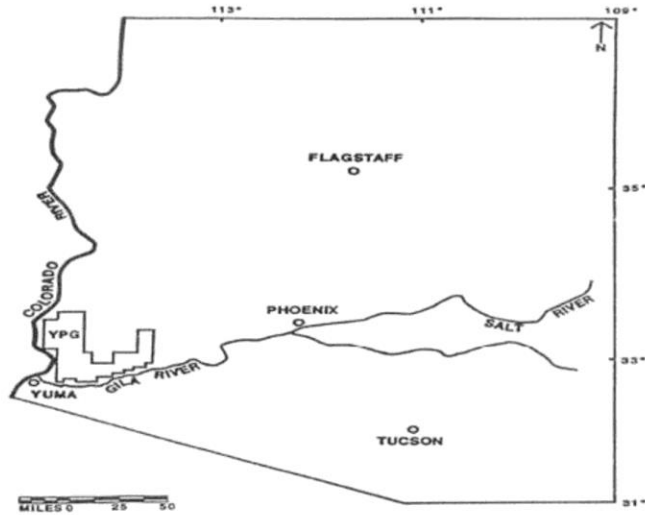

### SAMPLING SITES

Give the title for this  
appendix. Use the style  
"Normal" Use all CAPITALS.

Figures A.1 to A.12 show sampling locations at YPG and APG sites.

A short description of  
the appendix is given

Figures are centered and are  
identified in the caption after  
the figure with a title **Figure  
X.x** in bold (where X is the  
chapter number and x is the  
figure number). Use the style  
"Figure and Table Title"

**Figure A.1** Regional Map Depicting Yuma Proving Ground (U.S. Army YPG, 1999).  
Source: Source of figure X.x (Must be in 10 points)

Sources are identified below the  
Figure Description using  
10pt and use the style  
"Figure and Table Source"

Depending on the style you  
have chosen, you can use  
1) Full text of the reference  
2) Number of the reference  
in brackets [#]  
3) Author and year

Use the style "Heading 1"  
Use all CAPITALS.

## APPENDIX B (Optional)

Give the title for this  
appendix. Use the style  
"Normal" Use all CAPITALS.

### PARAMETER SENSITIVITY ANALYSIS RESULTS

A short description of the  
appendix is given

Parameter sensitivity analysis results for each receptor in both APG and YPG sites are  
provided in the following Tables.

**Table B.1** Sensitivity Analysis, Terrestrial Animals, APG

Tables are identified in the  
header with a title **Table X.x**  
in bold (where X is the  
chapter no. and x is the  
table number) Use the style  
"Figure and Table Numbers"

Table x.1	Filler Text	Filler Text	Filler Text
x	x	x	x
x	x	x	x
x	x	x	x
x	x	x	x

Source: Source of table X.x (Must be in 10 points)

Sources are identified  
below the table using 10  
points, and use the style  
"Figure and Table Source"

Depending on the style you  
have chosen, you can use  
1) Full text of the reference  
2) Number of the reference  
in brackets [#]  
3) Author and year
