

Authorization To Manage Electronic Dissertation Or Thesis (EDT)

I hereby grant to New Jersey Institute of Technology (NJIT), in partial fulfillment of the requirements for an advanced degree at NJIT, the perpetual, irrevocable, non-exclusive right and license, with right to sublicense, to preserve, reproduce, modify and/or distribute my EDT (including the metadata and abstract) worldwide, in any format or medium for non-commercial, research, educational, or related academic purposes. I understand that I will receive no monetary compensation from NJIT for this authorization.

I hereby authorize NJIT to allow users of the NJIT institutional repository to distribute my EDT (including the metadata and abstract) worldwide, in any format or medium for the same non-commercial, research, educational, or related academic purposes. I also authorize NJIT to submit my EDT to the ProQuest/UMI Dissertation and Thesis Publishing Program (or any subsequent similar program utilized by NJIT) for inclusion on the ProQuest Dissertations & Thesis Database.

I understand that NJIT will clearly identify my name as the author of the EDT, and will not make any alteration, other than as allowed by this authorization, to my EDT. I understand that I will retain all other ownership rights to the copyright of my EDT and that I retain the right to use my EDT in future works (such as articles or books), in whole or in part while adhering to any dissertation release embargo dates determined by NJIT. I hereby agree that NJIT may, without changing the content, modify or adjust my EDT to any medium or technological format and keep more than one copy for the purposes of security, back up and long-term preservation.

I hereby represent that my EDT is my original work and that NJIT has the right to grant third parties the rights contained in this authorization. I also represent that my EDT, to the best of my knowledge does not infringe upon or violate any third party copyrights or contain any libelous or other unlawful matter and makes no improper invasion of the privacy of any other person.

I hereby represent that if my EDT does contain any third-party materials (quotations, images, graphs, photographs, audio or video files, other excerpts, etc.) for which I do not hold the copyright, I have obtained the unrestricted permission of the copyright owner to grant NJIT the rights required by this authorization, or that I have undertaken a responsible fair use analysis and concluded that inclusion of such third party materials meets fair use standards. I further represent that all third-party material is clearly identified and acknowledged in my EDT.

If my EDT is based upon research sponsored or supported by any outside government or private agency or organization, I hereby represent that I have fulfilled any right of review, approval, confidentiality or other obligations required by the funding grant, contract or agreement.

I agree to indemnify and hold harmless NJIT and its officers, governing board members, employees and agents, from and against all claims, actions, suits, damages, liabilities and costs (including, without limitation, reasonable legal fees) arising from or in connection with NJIT's use and publication of my EDT in accordance with this authorization. To the extent that my EDT is an educational record as defined in the U.S. Family Educational Rights and Privacy Act (FERPA) (20 USC § 1232g. et seq.), I hereby consent to disclosure of my EDT to anyone who requests a copy.
