GSO Grants to Academic Departments/Colleges/Schools for Graduate-Student Professional Development Events

Academic departments, colleges or schools may request from the Graduate Studies Office (GSO) funds to organize professional development events for their graduate students. The focus of the requests must be to develop or enhance transferrable skills of doctoral or master students who are active in research led by faculty. Inter-college events are encouraged as well.

Funds of up to $2500 may be requested for each professional development event. PhD program directors, deans (or associate deans) and department chairs may make requests for funding by emailing a summary of their proposed professional development event, along with a justification and budget, to ziavras@njit.edu.

DoctoralNet Webinars (Spring 2022 Schedule)

- Ph.D. and Master’s students should [click here](http://example.com) to view the extensive listing and details of DoctoralNet webinars.

- Ph.D. students should access the Professional Development course in Canvas for additional resources (e.g., writing the dissertation, effective presentations, fellowship opportunities, online tools for professional development, writing publishable papers, successful dissertation defense, time management, job interviews for academic/industry positions).

- Both on-campus and online professional development events are available to graduate students. GSO emails the students details for on-campus events. DoctoralNet emails the students information for webinars.

Past On-Campus Events

- March 24, 2021 (online event due to the pandemic)
  *Implicit Bias Workshop*

- March 9, 2020
