**Subject:** RE: UCRC resulation?

In the minutes of the January 2012 UCRC meeting, the following motion was passed - " we move that student learning outcomes and course details regarding measurement of outcomes be integrated into the UCRC course proposal form. For new and existing courses in the NJIT Assessment Plan, UCRC approval of these courses requires that the information in the UCRC form relevant to assessment be appropriate and complete."

As a result, the UCRC form was modified, and the approval of that form was passed in the February, 2012 UCRC meeting.
