

Modes of Instructional Delivery at NJIT¹

HyFlex: Delivery of instruction is independent of time and place, allowing for students to choose to attend class in any of three modes:

- **Face-to-face** – the traditional classroom model;
- **Synchronous online** – same time, different place; utilizing video conferencing technologies;
- **Asynchronous online** – different time, different place; utilizing multimedia learning objects and lecture capture technologies. Students are expected to follow a week-by-week schedule as outlined in the syllabus.

Students can choose to change which option they use to attend courses weekly. Some instructors may require occasional proctored exams.

¹ Contact hours are independent of delivery method and defined in the course catalog.

² Definitions are aligned with OLN's definitions <https://onlinelearningconsortium.org/updated-e-learning-definitions-2/>

³ See <http://www.njit.edu/online/current-students/faq/> for more information about proctored exams.

Policy on Administration of Midterm and Final Exams

NJIT policy requires that all midterm and final exams must be proctored, regardless of delivery mode, in order to increase academic integrity. Note that this does not apply to essay or authentic based assessments. Effective beginning Fall semester 2019, students registered for a fully online course section (e.g., online or Hyflex mode) must be given the option to take their exam in a completely online format, with appropriate proctoring.
