# SUMMER SCHOOL 2017

JÖNKÖPING UNIVERSITY

JÖNKÖPING UNIVERSITY

# A TRULY INTERNATIONAL EXPERIENCE!

*The summer school of Jönköping University 2017 consists of one 10 credit course given by the School of Engineering. The course Purchasing Logistics with a Global Perspective is open to students in both engineering and management. As a participant in our summer school, you will experience academic and applied knowledge as well as a truly international environment.*

## RIGHT IN THE CENTRE

Jönköping University offers high-quality education on the bachelor, master and doctoral level; all coached by prominent scholars active on international research frontiers. The university is situated in the city centre, right in the middle in the south of Sweden.

Jönköping is the focal point of a region with intense innovation and entrepreneurship activities, a prominent transport and logistics hub, and a centre for exhibitions and trade fairs.

## SOCIAL AND CULTURAL ACTIVITIES

To get the most out of the summer school, participants are strongly recommended to take part in the social and cultural activities offered alongside the academic course content. Through the rich programme you will gain insights into Swedish culture.

For example, you will visit one of Sweden's best preserved castles from the 16th century and experience the little charming city of Gränna where popular peppermint candy canes are being handmade.

## THE SUMMER SCHOOL OF JÖNKÖPING UNIVERSITY INCLUDES:

- Pick-up service
- Accommodation
- Company visits
- Welcome lunch
- Farewell dinner
- Access to the library services
- Wi-fi on campus
- 24 hours/day access to the facilities
- Social and cultural activities

Jönköping University is one of the most international universities in Sweden. We attract students from all over the world with committed teachers and study programmes that connect research to industry – with many opportunities to practice what you learn. We offer an international study environment that is fun and inspiring, and an entrepreneurial way of looking at the world.

Jönköping University is a private, non-profit institution of higher education with the right to award doctorates. The university conducts education and research at its four schools: the School of Health and Welfare, the School of Education and Communication, Jönköping International Business School, and the School of Engineering.

# SWEDEN AND JÖNKÖPING

Sweden is known for being a clean, beautiful country, covered with lakes and forests and inhabited by 9.5 million people. The warm Gulf Stream in the Atlantic Ocean gives Sweden a milder climate than other areas equally far north. Sweden is well-known for its high standard of living, sustainability, and high degree of safety in society.

Jönköping is a fast-growing city with a population of 130,000 and is the centre of a region with some 340,000 inhabitants. It is located in a county characterized by its innovative and entrepreneurial spirit.

The city is easily accessible and there are excellent links between Jönköping and the major cities in Sweden as well as a good connection to the continent.

In Jönköping you will find most things around the corner. Just a short walk from campus you will find the long sandy beaches of Lake Vättern. There is a wide range of leisure and sports facilities and the great outdoors is within easy reach, offering forests, mountains and lakes. Jönköping also has a wide variety of cultural venues: theatres, museums, cinemas and concert halls.

- Neighboring Norway, Denmark and Finland
- Origin of innovative companies like: IKEA, Spotify, Volvo, Skype, Minecraft, Electrolux, Ericsson and H&M
- Constitutional monarchy, parliamentary democracy
- Stockholm is the capital

## A NATIONAL KNACK FOR CREATIVE THINKING

Many Swedish companies have grown wealthy as a result of Swedish innovativeness, including Volvo, Ericsson, ABB, Tetra Pak, AstraZeneca and IKEA.

Swedish fashion attracts great success internationally.
